We support the goals of the Engineers Club of Philadelphia and wish to become an Agency Partner of the Club. As part of this partnership, we agree to the following:

- We will designate an enterprise "Champion". This will be a senior manager within the organization who has oversight of most or all engineering staff. This is the person identified above as the "contact".
- This champion would be the primary point of contact on behalf of the agency for official ECP communications and administrative support such as developing a list of participating engineers within the organization.
- The champion will designate an alternate who can provide backup support when the champion is unavailable.
- The champion or alternate shall provide the name and E-mail address of the individuals within the agency who will participate in the membership up to the maximum number designated by the agency (if the agency is paying the membership dues). **OR** The champion or alternate shall make copies of the individual membership application available to the employees and encourage membership and participation in the Club (if employees will be paying the dues).
- The champion or alternate will work with the appropriate resources within the agency to allow E-mail originating from the ECP domain (engrclub.org) to reach agency employees.
- We will make Club announcements, event notices, course offerings, etc. available to all our employees.
- Designated agency partner employees will enjoy all of the benefits of membership in the ECP and will have access to continuing education opportunities at member rates along with access to a limited number of no cost continuing education opportunities.
